

## Introduction

At Decentramark we help build communities for the hottest new Projects in Cryptocurrency using our social media platforms. Decentramark has active social media channels on Telegram, Twitter, Facebook, Instagram and Youtube (plans to monetize in the near future). Decentramark provides marketing services in the Crypto space whilst building and nurturing a community to promote any Cryptocurrency related Project (new tokens, Dapps, Airdrops, products etc.) All profits made from monetisation, referrals, commissions & sponsorships of Decentramark will be shared with eligible token holders.

## Token

Communis (COMM) is a utility token on the Tron Network. Communis (COMM) will be used to 'tip' active community members of Decentramark. All profits made from monetisation, referrals, commissions & sponsorships of Decentramark will be converted into Tron (TRX) and will be airdropped to Communis (COMM) token holders on a monthly basis.

Total supply of Communis (COMM) token: 1,000,000,000

### Tokenomics breakdown

**Community Swap 0.5%** - These tokens will be used to swap CMM:COMM in a 1:1 ratio. The circulating supply of CMM tokens purchased by investors or rewarded/claimed by the Community does not exceed 5,000,000. The Community Swap will be to protect all Decentramark stakeholders and ensure nobody within the community is placed in a worse holding position after the Project migration to Tron Network.

**AirDrop 7.5%** - These tokens will be used to continue to build out the Decentramark community. They will be offered as an incentive at no cost, to anybody who successfully completes the Airdrop steps

**Private/Pre-Sale 7.5%** - these tokens will be offered for sale to Decentramark Community members in a tiered transaction system. Private sale tokens will be offered at a discounted rate against Pre-sale. Pre-Sale tokens will be offered at an increased rate against Private sale but a decreased rate against Public Sale.

**Public Sale 15%** - These tokens will be offered for public sale either through Decentramark admin team or through exchanges when listed

**Team 7%** - These tokens will be held by the team.

**Marketing 10%** - These tokens will used for marketing purposes to assist Decentramark in increasing exposure of their brand in the Crypto space.

**Reward Pool 25%** - These tokens will be used to tip the community for a range of activities including, but not limited to; sharing, liking, subscribing to and joining of social media content, profiles, incentives, groups.

**Frozen 27.5%** - These tokens will be frozen until such time the demand for them to be utilised either through public sale or exchanges is realised.

### Dividend Distribution

Dividends will be distributed to all private wallets holding at least 10,000 COMM and will be paid in TRX.

*Dividend calculation;*

COMM held in private wallet divided by sum of COMM held in all eligible wallets \* 100 = % of dividend received

*Example;*

1000 TRX in the dividend pool, 5 eligible wallets; Total COMM across 5 wallets - 90,000

Wallet 1 – 24,000 COMM –  $24000/90000*100=26.66\%$  - 266 TRX

Wallet 2 – 20,000 COMM -  $20000/90000*100=22.22\%$  - 222 TRX

Wallet 3 – 18,000 COMM -  $18000/90000*100=20\%$  - 200 TRX

Wallet 4 – 16,000 COMM –  $16000/90000*100=17.77\%$  - 177 TRX

Wallet 5 – 12,000 COMM –  $12000/90000*100=13.33\%$  - 133 TRX

The value of TRX is derived from the real-time market price of TRX on TronLink (wallet) at all times.
